

2019 United Nations Climate Change Conference (COP25)
Madrid, Spain

**Global Dialogue for Sustainable Transport:
National Pathways and Transport Actions**

Friday, 6 December 2019

13:45 - 15:15

Chilean Pavilion (Blue Zone)

Description

Climate change cannot be stopped without decarbonising transport. Transport emits around 24 percent of the energy-related carbon dioxide (CO₂) and transport emissions are growing faster than any other sector over the past 50 years. Without immediate action, its share could reach 40 percent by 2030 and 60 percent by 2050.

The transport sector needs more ambitious actions to help advance the goals of the Paris Agreement and to engage non-Parties stakeholders in the process. This event will introduce the International Transport Forum's (ITF) Decarbonising Transport initiative, which was created in 2016 to help governments and industry translate climate ambitions into actions, and to highlight key outputs. Together with the Ministry of Environment of Chile and the Chilean Association of Power Generators, this event will serve as a platform to foster an inclusive policy dialogue with key stakeholders and partners and to showcase national pathways and specific mitigation actions for transport, such as electro-mobility.

Format

This event will consist of presentations followed by a discussion with the audience. Each speaker will have 10 minutes for their presentation.

Moderator

Ms. Mary Crass, Head of Institutional Relations and Summit, ITF

Programme

13:45 – 13:50	Welcome and Introduction	Moderator
13:50 – 14:00	Opening Keynote	Dr. Young Tae Kim , Secretary General, International Transport Forum (ITF)
14:00 – 14:10	Addressing Climate Change by Decarbonising Transport	Mr. Jari Kauppila , Head, Quantitative Policy Analysis and Foresight, ITF
14:10 – 14:40	National Pathways and Climate Goals	Mr. Pedro Saura García , Secretary of State for Infrastructure, Transport and Housing, Ministry of Public Works and Transport, Spain Mr. Mattias Frumerie , Director, Head of Delegation COP25, Ministry of Foreign Affairs, Sweden Ms. Nancy Aura Manríquez Donoso , Regulation of Mobile Sources and Fuels Manager, Ministry of Environment, Chile
14:40 – 15:10	Transport Actions for Raising Ambition	Mr. Simone Tripepi , Head of Enel X South America Ms. Carol Arenas Ibarra , Project Coordinator CALAC+ Chile, Swiss Foundation for Technical Cooperation (Swisscontact) Department for Transport, UK (TBC)
15:10 – 15:15	Closing Remarks	H.E. Mr. José Luis Domínguez , Vice Minister, Ministry of Transportation and Telecommunications, Chile
